How to measure door widths for Lazy Susan with our 160°, 1/2 overlay hinges.
*Note for door height measure opening and add 1”

Measuring for the width Lazy Susan Door #1 is the first door to open. Measure from edge of opening to front of adjacent cabinet then subtract 3/8” for door ordering size. Order this door with a special 160° degree style hinges.

Measuring for the width Lazy Susan Door #2 is the second door to open. Measure from edge of opening to front of adjacent cabinet add 1/2” for door order size. Order this door with a 3” stile one side with no detail and 160° degree style hinges.

This is how they operate. Door #1 opens first.

Then door #2 opens second.

Close-up view of both doors when closed.
